

Downloading a MySQL database.

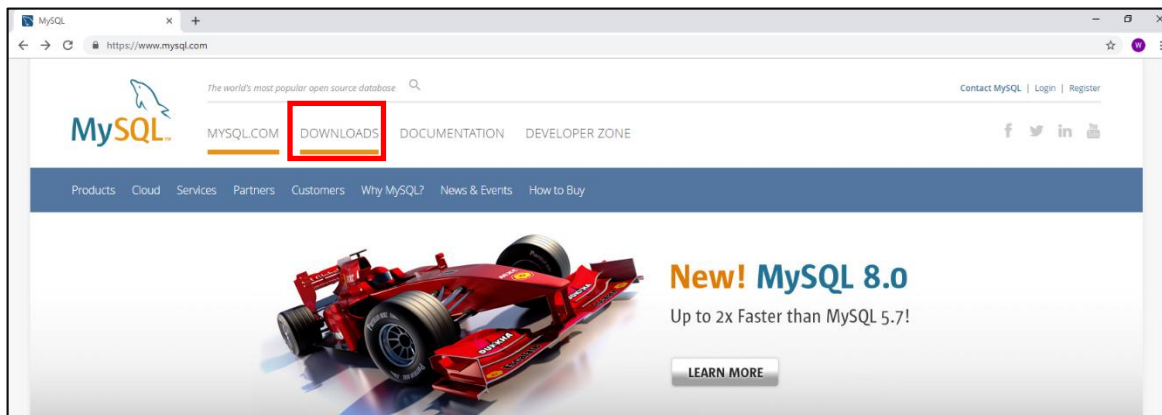

Downloading the MySQL Community Edition database.

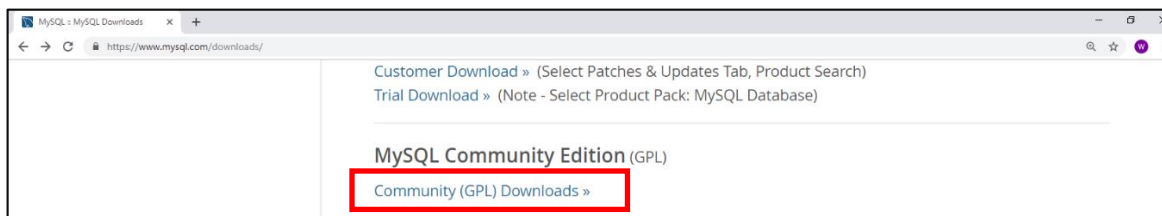

In this tutorial you will learn how to download the Community Edition of the MySQL server so that it can be used as the data source for a Java application using JDBC.

Accessing the download file.

1. Enter the MySQL site at www.mysql.com and select the Downloads section. At the time of writing the latest version of MySQL available is 8.0.

2. Scroll to the bottom of the downloads page until you see the Community Edition download link. Click on the Community (GPL) Downloads link.

3. Within the downloads section locate the MySQL Community Downloads and click on the DOWNLOAD link.

4. You will require more than just the MySQL server so its best to use the MySQL Installer option for the install. You can select the appropriate Operating System but this tutorial will focus on a Microsoft Windows installation. Choose your operating system and then click the Go to Download Page link.

Generally Available (GA) Releases

MySQL Community Server 8.0.16

Select Operating System:

- Microsoft Windows
- Select Operating System...
- Microsoft Windows
- Ubuntu Linux
- Debian Linux
- SUSE Linux Enterprise Server
- Red Hat Enterprise Linux / Oracle Linux
- Fedora
- Linux - Generic
- Oracle Solaris
- macOS
- FreeBSD
- Source Code

Looking for previous GA versions?

Starting with MySQL 5.6 the MySQL installer package replaces the standalone MSI packages.

Windows (x86, 32 & 64-bit), MySQL Installer MSI

[Go to Download Page >](#)

Other Downloads:

Download	Version	Size	Action
Windows (x86, 64-bit), ZIP Archive (mysql-8.0.16-winx64.zip)	8.0.16	228.9M	Download
MD5: 1a6646b047425cc1150b8a88751e721b Signature			
Windows (x86, 64-bit), ZIP Archive Debug Binaries & Test Suite (mysql-8.0.16-winx64-debug-test.zip)	8.0.16	336.2M	Download
MD5: 854c5f5b21c01434e3a4c371bf6a63d58 Signature			

We suggest that you use the MD5 checksums and GnuPG signatures to verify the integrity of the packages you download.

5. You have two options for the Installer download.
- The first one is the web download which is a smaller download but requires web connectivity during the install to retrieve the additional components.
 - The second one will download the entire Installer package to the local machine and requires no additional downloads during the install.

Generally Available (GA) Releases

MySQL Installer 8.0.16

Select Operating System:

- Microsoft Windows

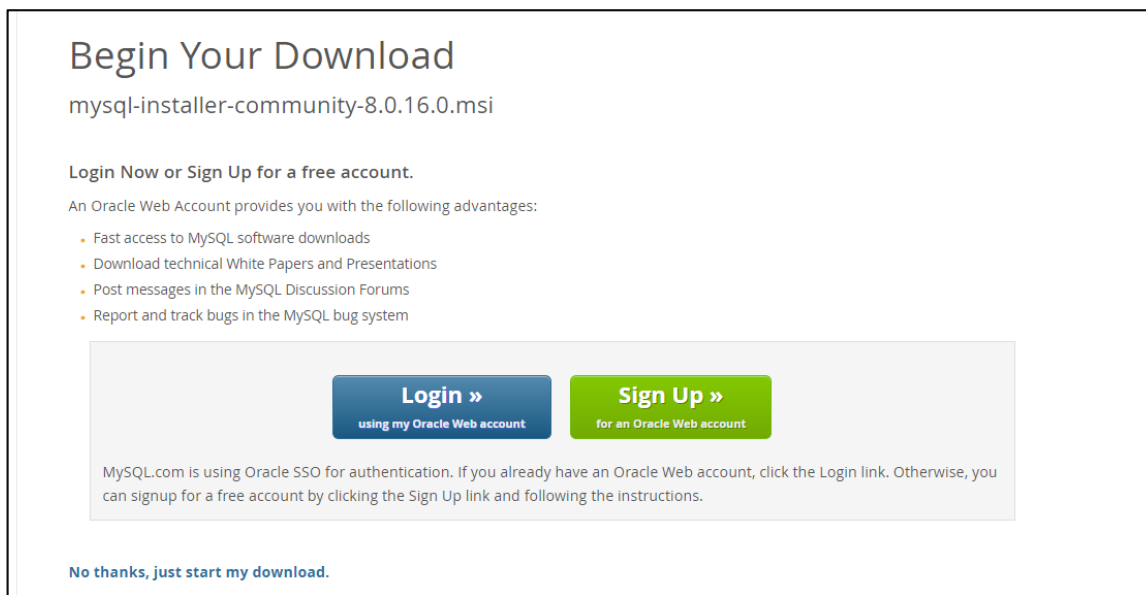

Looking for previous GA versions?

Download	Version	Size	Action
Windows (x86, 32-bit), MSI Installer (mysql-installer-web-community-8.0.16.0.msi)	8.0.16	20.0M	Download
MD5: 08b01313c1f7a7aa26a4b6bc1167c604 Signature			
Windows (x86, 32-bit), MSI Installer (mysql-installer-community-8.0.16.0.msi)	8.0.16	373.4M	Download
